

# Wings of Hope Gala Supports Young Adults in Foster Care

Longtime friends of Wings of Hope, a charitable organization for at-risk youth, welcomed the first hint of fall in Central Florida at the 20th annual Hope Rising Gala. Founders Kathy and Tony Gautsch hosted guests from all over the state who were there to support the organization's efforts to help young adults in foster care get the counseling and job training they need to be successful. Guests swayed to the sound of live music, sipped cocktails, enjoyed an expertly prepared dinner, and bid for an incredible variety of auction prizes throughout the evening. It was a beautiful event for a great social cause, and a true credit to a wonderful organization.
